Price adult: nok 1500,- Child up to 15 years: nok 500,-

Group bookings.

Join us inside the wolf enclosure and experience the wolf pack at close quarters, (15 year minimum). The tour lasts for approximately 1 hour.

We will sit around a camp fire, listen to stories and learn more about wolves and dogs with some warm food and drink. The day ends with a 30 minute tour on our own dogsledge run by an experienced driver.

Price for groups: NOK 1200,- per person. Including entrance to park, wolf enclosure tour, light snack and dog-sledding.

Dog-sledding can also be arranged outside of planned days and can be arranged on weekdays too.

We happily arrange for companies or businesses. We recommend combining dog sledding with a tour inside the wolf enclosure.

We light the fire at our camp fire place with comfy benches and cosy reindeer skins and all can take part in the exciting atmosphere as the dogs get ready for a trip in the mountains.
